

## Facilities Committee Issues for Discussion and Board of Education Recommendation

Monday, March 13, 2017

- Renovation of existing building(s), new construction, or combination
- Single K-12 building or separate buildings for elementary/middle and high school
- Auditorium or 'Cafetorium' as part of the high school build
- Athletic stadium considerations:
  - Competition all-weather track
  - Artificial surface vs. natural turf football field
  - Concession and bathroom facilities
- Location Preference:
  - Remain on-site
  - Consider off-site options
  - Cost and uncertainty of new location
  - Access to buildings/traffic management
- Bus Garage and related facilities (remain in current location or consider addition to an off-site building plan).
- Community connection?
- Financing and Campaign issues: Strategies and Implementation.

**"Cause our current schools are not very nice and are not up to date. Like practically all the other schools we travel to are way nicer."**

**"Everything across the street is new. "Biomed is brand new."**

**"It looks old and is old. It's older than you and grandpa, and it leaks."**

**"My teachers use buckets to catch water coming through the roof."**

**"We sweat through the first half of the year, then again later."**

**"We practice track and field on a parking lot."**

**"Even Mogadore has new buildings."**
