

Hello this is AH, from Rootstown Local Schools calling all students in grades 5 through 12 that chose the remote learning option for the entire semester.

First, your child will be utilizing an online learning platform for their courses this semester through Jefferson County ESC. Mr. Rodstrom will be monitoring the online platform along with Mr. Babbitt and Mrs. Jakubisin. Mr. Springirth will be assisting the 5th grade students at the elementary.

Second, we have had some technical difficulties with the installation of the program, but hope to get the online platform up and running next week. In the meantime, you will be receiving an email from Mr. Rodstrom detailing the online program and login information. There will also be Google Hangouts scheduled to assist in the login process and demonstrations on how to navigate the online learning platform. Those Google Hangout dates and times will soon be posted on the district website under the menu “Remote Learners.”

Next, the district is not providing computer devices to all remote learners, only those who do not have a device at home. Please email Mr. Rodstrom at [rodstrom@roversk12.org](mailto:rodstrom@roversk12.org) or call the Board of Education Office at 330.325.9911 if you do not have a device so that one can be provided.

Finally, we have created a link for Remote Learners on the district website which will house information regarding remote learning. From the menu on the right, please click “Remote Learners” as information will soon be added.

Thank you and I hope your child has a great semester!
